

EFEG meeting, 13 October 2010

Action Points

	ACTION	WHO?	PROGRESS
1	Chase up a future process for R and D and how we would structure a bid. CB noted that she needs the research projects list from Welsh Assembly Government's Steve Chambers.	Caryn	
2	Populate EFEG resources section of WBP website with links and relevant papers. CLR to compile list for group to agree. Gather publications and send CB copies for her to look at for Glastir factsheet. Feedback to WBP on navigation of website issues.	CLR	
3	Talk to Ray Woods and Alan Hale to pull together list of trees and lichens (section 42 species) that could benefit from extended TPO legislation.	CS	
4	Circulate 'protection through policy and legislation' document for information.	CLR	
5	Ask National Trust for a summary report on the Trefrane project.	CLR	
6	Follow up on species sign posting and assess what is relevant for EFEG. A paper has now been produced assigning actions to EGs.	CLR to circulate	
7	Copy relevant species actions into each habitat action plan.	FG – CLR to provide info	
8	Respond to Living Wales	CLR	

	consultation as discussed		
9	Convene subgroup meeting to progress spatial priorities mapping	CB	
10	Review Hedgerow Survey methodology and discuss concerns with RC.	CB	
11	Find and send cut down version of hedgerow survey method to CB.	CS	
12	Talk to James Skates about the future specification of Glastir monitoring of Arable Field Margins.	CLR	
13	Find the report of ADAS research work on condition assessment of AFMs.	CB	
14	Draw up AFM action plan - include arable field margins survey methods.	CB/DL	
15	Circulate PTES orchard survey methodology	HM/CLR	
16	Incorporate further feedback into Hedgerow and Traditional Orchard action plans, and forward to WBP for consultation.	CLR	
17	Circulate the EFEG policy issues document with response from the Policy Group.	CLR	
18	Find out who is responsible for TPOs in WAG (maybe Jo Smith)	FG
